Kit and waiver

No waiver, no kit. No kit in a hot car. Checkout happens in B135.

Rules

1. Sign the waiver with Ms. Culley before gear leaves B135.

2. Checkout: your name, your period, what you took, when it is due back.

3. Do not leave a kit in a car. Heat kills batteries and cameras. Not the trunk. Not “just for class.”

4. Return the same day unless Ms. Culley said otherwise.

5. Batteries out. Don’t format the card until the files are copied.

6. Damage or a missing piece: say it before you leave the room.
